

SUPERINTENDENT'S MESSAGE

Hello Harmony Area School District:

I wanted to take a few moments to introduce myself, as we finally got underway with the school year. This has been a challenging experience as I stepped in to the Superintendent position as of July 1, 2020.

I want to thank everyone for such a warm welcome, and especially to the staff who have kept the district in great hands as the search for a Superintendent continued. There is a lot of work and effort to put in as we face these trying times in the midst of a pandemic, but I'm very confident with the board, administration, teachers, and staff, we will provide the best practices and efforts for the students of the Harmony Area School District. I have great people around me to succeed!!

I was born and raised in Northern Cambria (Spangler, to those who still remember) and graduated from Northern Cambria High School. I'm excited for the opportunity to return to my roots as I spent many years growing up in the Harmony area playing baseball, and elementary basketball through the years. Additionally, the Harmony Grange Fair was always a favorite, as the fall arrived each year.

I started my educational career as a teacher for ten years, in the Federal Correctional Institution, Loretto, Pa. In addition to teaching, I was a member of the Disturbance Control Team.

Next, I spent nine years with the Penns Manor School District starting off as the "at risk" coordinator, and finished my career as the Assistant Principal. I coached football for PM for the majority of my career.

For the last fourteen years, I was an administrator at the Admiral Peary Vocational Technical School, six years as principal, and eight years as the Executive Director.

My career has been influenced by my two brothers. John, finished his career as the Superintendent of Northern Cambria School District, and Gary, is presently the school solicitor for the Northern Cambria School District, as well as, a retired Assistant District Attorney, and also has a private law practice.

My mission is to continue offering excellent academics and to instill the morals and values I've learned from growing up in a small community. I have an appreciation for the community, and the Harmony Area School District. I've had great parents and many others influence my life and career, and I want to continue the same tradition for the students of the Harmony Area School District.

Sincerely,

Kenneth M. Jubas
