## **PARENTS / VISITORS – Special statement for 2020-2021**

Special Note: COVID and Public Health Operational Plans for the 20-21 school year will effect this topic of visitors and parents in the school. We will be mandated to greatly control visitors to the school at the beginning of the school year. Because parent involvement and active engagement in our schools are major goals, however, once the COVID-19 timeframe slows down and life returns to normal, it will be our wish to once again permit volunteers and parents back into the school.

**All visitors must sign in at the office to obtain a visitor’s pass. Please note that Elementary visitor passes are good for the Elementary only; the same with High School passes. Visitors are not permitted to sign in at one school and use the pass to go between schools.** To ensure the safety of all students, visitors must have a valid reason before being permitted to enter the school building. **Parents or visitors wishing to visit a class MUST notify the office for approval so that the educational process is not being interrupted.**

Meetings and conferences are also an important part of the schooling process. They give the parent and the teacher an opportunity to discuss a child in whom they have a mutual interest. To schedule a conference with a teacher on a day not designated as a parent/teacher conference day, parents/guardians must contact the elementary office or the guidance office at the high school to arrange a suitable time.

## **REPORTING A PROBLEM**

Students – Report any problems to the teacher in charge; if the teacher cannot help, then go to the Guidance Counselor or the Principal’s office.

## **ADDRESSING PARENT CONCERNS**

At times, a parent may have concerns about his or her child’s performance or about a discipline issue. The parent should discuss the issue with the specific teacher by telephone or in person after making an appointment.

If this telephone conversation or meeting does not resolve the parent’s concerns, then the parent should go to the appropriate principal and discuss the issue by telephone or in person after making an appointment.

**Appointments to see Teachers and Administrators are required in advance with the exception of medical emergencies.**

- a) The efforts of the Guidance Department are directed toward encouraging students to develop self-knowledge / self-discipline and to define / attain educational and vocational goals to the highest degree.
- b) Guidance services focus on providing counseling and information in the areas of social, educational, and emotional development. A student, parent, staff member, or counselor may initiate an interview. Students may be seen individually or in a group situation. The counselor is also concerned with student educational placement and providing orientation programs to facilitate the transition between Elementary and Jr./Sr. High School.
- c) Additional information related to Guidance services can be found on the district website at [www.harmonyowls.com](http://www.harmonyowls.com) under the Students and Parents tab and then Guidance.

### 2 GIFTED SUPPORT

- a) This is a program for students who have been identified by the school psychologist as intellectually gifted. The teacher, parent, and students will work together to enrich their areas of exceptionality and to develop activities that are appropriate for the gifted student.

### 3 IDEA

- a) A continuum of services is provided for students identified with social, emotional, & learning disabilities. For more information, contact the **Director of Special Education**.

## 4 PSYCHOLOGICAL SERVICES

- a) The school psychologist serves students who may be referred by the counselor, teacher, or parent for individual testing and/or supportive individual or group counseling.

- a) The objective of HEB is to promote the welfare of all students through working partnership, parents, educators, and the community at large.

## 7 CAFETERIA

- a) **HASD will once again have the “CEP” program (Community Eligibility Provision) available to all students for both breakfast and lunch. In short, a full breakfast and full lunch will be provided for free to all students of HASD. - b) **IF SCHOOL IS DELAYED FOR ANY REASON, BREAKFAST WILL NOT BE SERVED.** A menu is updated monthly and available to view on the district website.

## 8 STUDENT ASSISTANCE PROGRAM (SAP)

- a) The SAP program provides assistance to students experiencing difficulty in the home, school, or community. Trained staff members are available to assist the student in getting the proper help for his/her problem. **The greatest concern of the SAP Team is the assurance to referred students and those who refer them that strict rules of confidentiality apply at all times. No student’s case is discussed irresponsibly, and only those involved in providing help at any level will have knowledge of the matter.** Contact the Guidance Office for more information about SAP.

## FACULTY/STAFF AUTHORITY AND RESPECT

**All faculty and staff share equality in authority and are responsible for the acceptable behavior of the students at all times. This fact is stated so that the students can properly react to behavior guidelines set forth by any faculty/staff member.** Faculty/staff are authorized to reprimand or correct misbehaving students at any time or any place during the school day and at any school function or activity.

## **NON-SCHOOL SPONSORED EDUCATIONAL/AGRICULTURAL TRIPS**

**A maximum of five educational/agricultural days will be permitted during one school year.**

Educational field trip requests must be completed at least one week in advance in order to be approved.

## **FAMILY VACATIONS**

Sharing a family vacation is a great experience for students. However, parents and guardians should be aware that, when children miss school for vacations, one cannot truly measure the impact of lost classroom time even though students may take along books and complete assignments.

The faculty and administration encourage family closeness, and we support weekend excursions because they are excellent learning opportunities. We wish to ask your cooperation in planning trips so that students do not miss school. Requests for, and approval of, vacations during the school year suggests that the issue of school absence for a trip is acceptable. In fact, we discourage it and ask that, if at all possible, parents plan vacations so that children do not miss school. In extreme circumstances, exceptions are understandable. One of our goals is to reduce absences caused by vacations scheduled during school time. Please help us. **Family vacations are not allowable educational days and will only be permitted in extreme cases with prior approval from the principal.**

## **PERSONAL VALUABLES AND MONEY IN SCHOOL BUILDINGS**

All items deemed necessary to carry on any approved educational program or any other approved program of the school district will be furnished by the school district, to students, employees, and to those other personnel using school facilities under rules and regulations established by the Board of School Directors.

The school will not be responsible for the personal property of pupils, employees, or other personnel using the school facilities. Articles of clothing, jewelry, money, electronic devices and other items of a personal nature are the responsibility of the student, employee, or person while he or she is in the school facility.

## RESPONSIBILITY FOR SCHOOL PROPERTY

Textbooks, school district technology, and other curricular materials are on loan to students. Until the book and other classroom materials are returned to the instructor, the student is responsible for it. If the book or other district learning device is lost or damaged, the instructor should be informed immediately. The pupil must cover the cost of the text or lost item.

Parents or guardians shall be liable for school property lost, damaged, defaced, or destroyed by pupils. Proper steps shall be taken to collect the money for damages.

## TELEPHONE/CELLULAR PHONES

Students will not be called from class to the telephone. If a message is urgent, it will be delivered to the student. The office phone is a business phone and only is available to students in extreme emergencies. **Students are only permitted to make phone calls from the office phone once approval has been granted. Students will be subject to discipline measures for violations of this rule. If a cell phone is taken from a student, it will be turned into the office and a parent/guardian will be required to come to the school to pick it up.**

# DISCIPLINE POLICY

## **FORWARD**

The rules presented here reflect the best efforts of the strategic planning committee, school board, the school administration, faculty, community, and the student body. Our goal in designing rules and consequences for grades K-12 in one booklet was to help students and parents better understand and support the discipline system at Harmony.

Our united goal is that each student develops self-discipline, and that these guidelines will provide a basis for that development. With this goal in mind, the school rules will be rigorously enforced.

### **Pride, Respect, and Cooperation . . .**

The district employees and board of directors will model pride in all programs offered, respect for difference, and cooperation in all interaction.

## **TO THE PARENTS AND STUDENTS**

Education is a cooperative enterprise. It requires the constant effort of parents, school, and students. Your child's school experience cannot be the best possible without the constant cooperative work of all three—the parents, the school, and the student. Cooperation is the key to making the process work.

**PARENTS**—Encourage regular school attendance. Familiarize yourself with the curriculum and know what courses your child is taking. Encourage good study practices by providing an appropriate time and place to study. Become involved in all aspects of your child's education.

Feel free to visit your child's school to discuss your child's progress with teachers, counselors, and administration. Acquaint yourself with the contents of this booklet and feel free to contact the school at any time.

**STUDENTS**—Familiarize yourself with the rules contained in this booklet. Work hard and try to better yourself in all aspects of your education. Remember, your education is the reason we have schools. You and you alone can make the difference between obtaining a quality education or just putting in time.

The Administration

**Discipline is not a punitive process, but rather an integral part of the learning process.**

# STUDENT CODE OF CONDUCT

## Students should:

1. Attend school regularly.
2. Make a conscientious effort in all assigned classroom work.
3. Create a climate within the school that provides a safe and orderly learning environment.
4. Be aware of all rules and regulations for student behavior and conduct themselves accordingly.
5. Dress and groom according to the dress code.
6. Be aware of and comply with state and local laws.
7. Protect and take care of school property.
8. Refrain from the use of indecent or obscene language.

**No student has the right to interfere with the education of his/her fellow students. It is the responsibility of each student to respect the rights of teachers, students, staff, administrators, and all others who are involved in the educational process.**

**THERE IS NO PLACE IN ANY SCHOOL FOR PEOPLE WHO DO NOT RESPECT THE RIGHTS OF OTHERS.**

## ELEMENTARY SCHOOL WIDE POSITIVE BEHAVIOR SUPPORT PROGRAM

Positive Behavior Support is a different way of handling discipline. In a school setting, it cannot be assumed that students know corrective behaviors. Children come from different backgrounds and cultures that view behavior in their own unique ways. When a child misbehaves, the school views it as a skill deficit. Therefore, students are taught appropriate school behaviors and expectations. Students are rewarded when they display the expected behavior. A school wide positive behavior support program (SWPBS) was initiated in the elementary school in the 2009-2010 school year. The program continues to grow and be an integral part of our discipline plan. The SWPBS program sets, teaches, models, and rewards expectations throughout the school year. Our slogan is Harmony Students "Give a Hoot" with the following expectations being used: Show Respect, Take Responsibility, Promote Kindness, Think Safety, and Earn Success. The program consists of a Universal Team and a Tier II Team. Daily coupons are given for appropriate school behaviors and informal referrals are used for non-compliance. After three informal write-ups, a student moves to the formal discipline process as stated below.

As an extension of this policy, the following school guidelines shall be used, with reasonable judgment, when responding to drug and alcohol or other substance related situations.

These guidelines have been created as one part of this policy. They are intended to provide a consistent means for effectively responding to alcohol, drug, and other substance related situations that may occur at school or at school sponsored events. They have been written with due consideration for the legal rights and responsibilities of administrators, faculty, students, and parents who may find themselves involved in such situations.

Situations wherein a student demonstrates obvious symptoms of possible substance use (staggering, slurred speech, dazed appearance, incoherence, inability to respond) or possession of drugs or alcohol shall generally be handled according to the procedures of this policy and as a health problem and potential emergency. The school nurse will conduct a preliminary physical examination to ascertain if the said student is likely to be under the influence. The Principal and/or Guidance Counselor will be summoned to the Health Office immediately. Attempts will be made to notify the parent. If, in the opinion of the school nurse and/or Principal/Guidance Counselor, there is a reasonable suspicion that the student is under the influence, the student will be required to submit to a drug/alcohol screening at the expense of the Harmony Area School District. If the student offers an admission, he/she will put the admission of guilt in writing and the student will not be required to take the drug screening under these conditions. If the student tests positive for an illicit drug/alcohol, the student will be disciplined according the Harmony Area School District Student Drug and Alcohol Policy. If the screening is negative, the student may still be subject to discipline that violates other provisions of the Drug and Alcohol Policy. If the student refuses to consent to the test, the student shall be treated as if he/she had tested positive and will be suspended according to the policy they will also be afforded a Board hearing.

If a parent chooses to challenge and/or validate the District's drug screening, then the parent may do so **at their expense**. The school district will consider such independent test only if:

- A. The student is tested within one (1) hour of the school's test being administered.
- B. The results of the test are released to the school district.
- C. A certified chemical lab expert in drug testing or a hospital laboratory where drug testing is routinely performed.

## **SEARCHES AND SEIZURES**

The Harmony Area School District Board of Directors recognizes that students have the right to privacy and freedom from unreasonable searches and seizures with regard to their persons, storage facilities (desks, lockers, etc.) and personal belongings. However, the Board also recognizes that it is the responsibility of school authorities to protect and maintain the health, welfare, and safety of all students. It is also the responsibility of students to assist the school staff in operation of a safe school for all students.

All staff will respect students' rights in terms of freedom from unreasonable searches and seizures.

Use of all storage facilities, which are the property of the Harmony Area School District, is a privilege extended to students of the district.

Students must recognize that school authorities have the right to search person, personal belongings and storage facilities and to seize any materials that can endanger the health, welfare, and/or safety of individuals in the school.

## **GUIDELINES**

The search must be reasonably related in scope to the circumstances that justify the search. Searchers should be no more intrusive than necessary to discover that for which the search was instigated.

School officials should not conduct a search that would require a student to remove more clothing than his/her shoes or jacket. If school officials determine that a more intrusive strip search is required to explore contraband, they should advise the proper law enforcement agency and the student's parent or guardian, as soon as possible, of the grounds for their decision prior to any action being taken. The police would conduct a strip search.

When school authorities have reasonable suspicion that a student has on his/her person materials which pose a threat to the health, welfare, and safety of students in the school, a pat-down search of the student may be done by a school official of the same sex in the presence of a second witnessing school official.

School authorities shall make referral to law enforcement authorities for charges under the Pennsylvania Criminal Code when appropriate.

Administration has the responsibility of protecting the victim from further sexual harassment and retaliation. Appropriate action is to be taken which may include summoning the police. Action must also be taken to protect the accused from false allegations. The confidentiality of all parties must be protected wherever possible.

6. Providing consequences for the offender.

If the complainant is not satisfied with the resolution above or an individual's behavior demonstrates ongoing sexual harassment, or the incident is of such severity that the complainant believes the victim is in danger of further sexual harassment or retaliation, the administrator must investigate by:

1. Safely isolating the victim and summoning police if necessary;
2. Interviewing witnesses, the reporting staff member; the complainant and the accused;

# ATTENDANCE POLICY

Pennsylvania School Laws require that all students must attend school regularly.

## ARRIVAL ELEMENTARY SCHOOL

**School buses will arrive by 8:20.** All students will report to homerooms, then directly to breakfast. First period classes will begin at **8:40**. Students, who are not riding the bus to school, must enter at the main elementary doors. **Parents are not permitted to enter at the kindergarten foyer doors, they must enter at the front doors and sign in at the elementary office before going to see a teacher.**

**No vehicles are permitted to drop off or park in the circle during bus arrival, dismissal or during recess hours.**

## GENERAL DISMISSAL

Students will be dismissed by the office using the PA system immediately following the afternoon announcements. Elementary students will load buses at the elementary circle. Students will line up at their bus assigned areas. Teachers assigned to bus duty will take the students to the buses in an orderly fashion.

Any parent wishing to pick their child up at dismissal must first sign them out through the elementary office. Parents must park in the parking lot not in the bus area. All parents are asked to wait quietly in the foyer for their students to be dismissed by the secretary on the intercom.

## LEGAL OR EXCUSED ABSENCE

Each student is required by law to be present each school day. When you are absent your parent(s)/guardian are encouraged to call the school. **A written excuse must be presented to the Elementary or High School Office within three (3) school days of absence. If the excuse is not turned in within 3 days, the absence will be recorded as UNEXCUSED/UNLAWFUL ABSENCE.**

**Parents may fax an excuse in to 814-845-7811; please put on cover page: Attention Attendance Office; or email an excuse to [kahutton@harmonyowls.com](mailto:kahutton@harmonyowls.com)**

Any absences caused by illness or injuries, death in family, major religious holidays, impassable roads are considered a legal absence and will be excused.

Truancy is a violation of the law and is an unlawful absence from school. Work missed because of truancy cannot be made up. The student will receive a zero for all work missed.

Students will not be permitted to attend/participate in after school functions on the day(s) they are absent from school or if they are sent home by the nurse.

The Harmony Area School District has adopted a policy that permits a student whose parent or legal guardian that has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting to be granted additional excused days at the discretion of the Superintendent or designee. When approving additional excused days, the following conditions must be followed: The absence is preapproved, the student is in good academic standing, the student has a prior record of good attendance, work missed is completed and turned in within the allowed designated time period and the absence is not during any standardized testing such as the PSSA.

## **EXCESSIVE ABSENTEEISM / PA TRUANCY LAW**

Excessive absenteeism disrupts the planning for faculty and hinders the process of the students. State laws require mandatory attendance of compulsory age students. Attendance regulations and guidelines in our school policy are made with these state laws and the welfare of all students of the district in mind.

### **Age 18 & Under**

A 10-day warning letter and a 12-day medical excuse required letter would be sent to all parents whose student(s) exhibit a pattern of frequent absenteeism/truant from school. Upon being put on a 12-day medical excuse status, a student must present a signed doctor excuse for all absences. If, after parental contact, the student's attendance does not improve, a student attendance improvement conference will be held with the parent(s).

**After having accumulated three (3) days of truant absences, a notice will be sent home by certified mail within ten (10) school days. On a fourth unexcused absence, the school must have a school attendance improvement plan. After having accumulated six (6) habitually truant absences, a referral will be made to the county children and youth agency (CYS) for services or possible disposition as a dependent child under the Juvenile Act. Additionally, the school may file a citation against the parent in the magisterial district court.**

**Age 18 & Older – The school may file a citation against the student or parent in the magisterial district court. If the child incurs additional absences after the school refers that child to an attendance improvement program or refuses to participate in an attendance improvement program, the school may refer the child to the local CYS agency for possible disposition as a dependent child.**

## TARDINESS

### **SCHOOL BEGINS AT: 8:20 AM**

Any student not in his/her homeroom/period 1 when attendance is taken will be marked as absent or tardy.

Doctor's appointments will be considered excused tardiness. Students must provide a slip from the doctor's office to the elementary/high school office on the day of absence or it will be considered unexcused. **Doctor's Slips for tardiness that are not turned in on the day that they occur will not be accepted.**

Continual tardiness that is unexcused will be subject to disciplinary action. If you are tardy, you must report to the office and sign in. Tardiness will be recorded in quarter days absence.

**If a student is tardy and does not have a doctor's excuse turned in on that day he/she may not attend/participate in any after school functions for that day. All students are permitted one day to be tardy before this takes effect to allow for an emergency. Students must clear this day with administration before being able to participate in an after school event. Students must attend a minimum of a quarter of a day to be permitted to participate in any after school event (even with a dr. excuse)**

## APPOINTMENTS

Parents are encouraged to make doctor, dental or other appointments when school is not in session. Although excused, it will be marked according to the Policy.

## EARLY DISMISSAL

Students wishing to leave the building during school hours are required to have a note, signed by the parent / guardian, to be given to the Office. The student must obtain an **EARLY DISMISSAL FORM** from the Office. The principal or designee will determine if the request is acceptable.

**ELEMENTARY:** All students leaving early must be picked up at the office by their parents.

**ILLNESS:** If a student becomes ill during the school day, **the nurse will determine if the student must go home and she will contact the parents/guardian for pick up.** This will be considered early dismissal and be recorded for attendance purposes.

## MAKE – UP WORK

Students who are absent from school are to ask the teacher for missed assignments. Assignments are to be completed and turned in within the same amount of days, as the student was absent. Students whose absence is recorded as unexcused / illegal shall not be permitted to make-up class work. Each teacher for the unexcused illegal absence will record a zero.

**Parents may request that homework be sent home starting on the third day of absence by calling into the elementary office by 9:00 a.m.**

## WITHDRAWALS

The following procedures **must** be followed prior to withdrawing:

1. Complete all paperwork with the secretary in the Guidance Office.
2. Hand in all textbooks, library books, etc.
3. Attend to all financial obligations.

**Students may be suspended from after school activities based on poor attendance. Cases will be evaluated on an individual basis based on absence reasons, availability of Dr. Excuses, behavior and grades.**

1. Absences, Tardiness, and Early Dismissals will be recorded in **quarter days**.
2. Absences, Tardiness, and Early Dismissals will be **recorded as Excused or Unexcused/Illegal** in accordance with the guidelines established by the state of Pennsylvania and the Harmony Area School District.

**After having accumulated three (3) days of unexcused/illegal absences, a notice will be sent home by certified mail.** If the child continues to incur additional absences after this notice has been issued, the school will offer a student attendance improvement conference and follow Pennsylvania's New Truancy Law for students age 18 and under / 18 and older.

# PERSONAL HEALTH POLICY

## PERSONAL HEALTH

**Student health records are deemed to be part of the educational record and the information contained therein cannot be released to anyone without your authorization except in limited circumstances pursuant to the Family Education Rights and Privacy Act of 1974.**

**HEAD LICE:** At any time during the school year, the school nurse may inspect any student for head lice. If nits or lice are identified during inspection, the following procedure will be implemented:

1. The student will be excluded from school immediately.
2. The parent/guardian will be called to pick up the student. It is the parent or guardian's responsibility to transport the student home. The student will not be allowed to ride the bus.
3. The parent/student will be given verbal and written instructions before leaving the building. It is the parent's responsibility to follow these instructions and rid the student of lice so that the student may be readmitted to school. These instructions will include treatments as well as management of the student's environment and prevention.
4. Siblings and close contacts will be examined throughout the district and excluded as necessary. After treatment has been completed and ALL nits have been removed from the head, the student MUST be accompanied by the parent/guardian to the school and not ride the school bus. In order to ensure that the nurse will be available to inspect the student, the parent should call the school nurse to make an appointment. If, upon inspection, the student is found to have nits of lice, the student will be denied admission to school until all nits are removed. After the student is cleared to return to classes, the nurse will continue to check for nits because of risk of re-infestation.

**MEDICATION:** When medication is needed at school, the procedures listed below shall be followed:

1. Parents or guardians must give written permission for the student to take the OTC medication. A physician must give written permission for a student to take prescription medications, if the medication is to be given during school hours. A copy of the medication script will be given to the school nurse and she will administer the medication to the student.
2. Parents or guardians should bring the medication to school in the labeled bottle, package or container in which the medication was received from the doctor or pharmacist. The label should include identification of the medication and directions for giving it. Students will not be allowed to take

- medication during school hours unless the above-mentioned rules are followed.
3. Parents should bring to school only the amount of medication needed for the particular period of time decided by their physician and school nurse.
  4. Special arrangements may be made with the school health service staff to keep a small supply of prescribed medication at school for emergencies such as bee stings, migraine headaches, etc.
  5. Students possessing a prescription for an asthma inhaler may provide a written statement to the School Nurse from a Physician, Certified Registered Nurse Practitioner or Physician's Assistant, documenting the need for the student to possess the inhaler. The written statement shall also include the name of the drug contained in the apparatus, the dose, the times when the medication is to be taken, the diagnosis for the medication, and any specific emergency responses to be performed in the event of a serious adverse reaction. Upon receipt of the appropriate medical documentation, the student and parent may submit a written request to the School Nurse for the student to possess and self-administer the asthma inhaler. All requests shall be reviewed by the School Nurse and prior to obtaining permission, must demonstrate the ability to use the inhaler at the appropriate times. After receiving permission from the School Nurse, the student shall notify the School Nurse immediately following each use of the inhaler which shall be recorded in the student's health record.

## **PERSONAL HYGIENE**

Personal hygiene is an important part of appearance and dress code. Having good personal hygiene is necessary in maintaining an optimal learning environment. Daily bathing is the first step in promoting good hygiene. Washing removes dirt, oil, and bacteria from skin that cause odor. The second step in promoting good hygiene is using a deodorant and/or antiperspirants, which help students smell good and reduce underarm wetness. The final step in maintaining good personal hygiene is to change sweaty or dirty clothes. Many times students believe that if their body is clean they won't have body odor, however, body odor can be held in the clothes you wear. After you bathe or shower, you should put on clean clothes including undergarments and socks.

**Poor personal hygiene can be a safety issue for all students.**

**A student that displays poor personal hygiene habits will be asked to:**

**Step 1: Go to the school nurse (the nurse will go over personal hygiene tips with the student) If the problem continues...**

**Step 2: Nurse will notify parents of the problem  
If the problem continues....**

**Step 3: Referred to SAP Team**

# COMPUTER USE

# Harmony Area School District Internet Access, E-mail, and Network Resources Acceptable Use Policy

## **Purpose**

Act 197 of 2004 establishes the State Child Internet Protection Act. Under this law, school entities are required to adopt a school board approved acceptable use policy that will be submitted to the Pennsylvania Department of Education for approval.

Internet access, electronic mail (E-mail) and network resource are available to teachers, administrators and students in the Harmony Area School District for educational and instructional purposes and for other purposes consistent with the educational mission of the District. Use of the Internet and E-mail network is a privilege. All users must take responsibility for appropriate and lawful use of internet resources. The District cannot regulate and monitor all the information received or sent by persons who use the Internet or E-mail; and the District cannot ensure that students who use the Internet or E-mail will be prevented from accessing inappropriate materials or sending or receiving objectionable communications. The District believes, however, that the availability and value of the Internet and E-mail far outweigh the possibility of inappropriate or illegal use of Internet access and E-mail, hence the purpose of this policy.

Below are the Acceptable Use and Internet Safety Policy of the Harmony Area School District. Upon reviewing, signing, and returning the appropriate "Acceptable Use Agreement" a user will be eligible for Internet access, e-mail and network resources when and if available for the entirety of their student status with the District, employment with the District, or until violation of this policy causes a user's privilege to be revoked.

## **Conditions**

All students, teachers, support staff, and administrators who use the Internet, E-mail, and other network resources must agree and abide by all conditions of this policy. Each user must sign an "Acceptable Use Agreement". In the case of a student, the student's parent(s)/guardian(s) must sign the "Acceptable Use Agreement." Students, teachers, support staff, and administrators may not use the District's computers for access to the Internet or for E-mail without a signed agreement and students must also have approval or supervision of a teacher, administrator or District staff member.

## Acceptable Use/Internet Safety Policy

### **Monitoring**

The District reserves the right to log, monitor, and review Internet, E-mail, and other network use of each user. This logging, monitoring, and reviewing may be conducted without cause and without notice. Each user of the District's computers by the use thereof, agrees and consents to such logging, monitoring, and reviewing and acknowledges that he/she has no right or expectation of confidentiality or privacy with respect to Internet, E-mail, or other network usage. The Technology Coordinator may review student and staff files and communications to maintain system integrity and ensure that students and staff are using the system only for appropriate purposes. Users should expect that stored files on district servers or computers will not be private.

### **Filtering**

To help facilitate acceptable use of the network the District will route all incoming web requests through an appropriate web filter that blocks content considered "harmful to minors" pursuant to the Children's Internet Protection Act. The filter may be disabled by the Technology Coordinator at the workstation level for use by an adult administrator or teacher for bona fide research or other lawful purposes. The filter may not be disabled for use by students or other minors for any reason.

## **Prohibitions**

Use of the Internet, E-mail, and network technology must be in support of the educational mission and instructional program of the District. With respect to all users, the following are expressly prohibited:

- Use for inappropriate or illegal purposes.
- Use in an illegal manner or to facilitate illegal activity.
- Use for commercial, private advertisement or for-profit purposes.
- Use for lobbying or political purposes.
- Use to infiltrate or interfere with a computer system and/or damage the data, files, operations, software or hardware components of a computer or system.
- Hate mail, harassment, discriminatory remarks, threatening statements or other antisocial communication on the network.
- Use to access, view, or obtain material that is pornography or child pornography.
- Use to transmit material likely to be offensive or objectionable to recipients.

# **ANNUAL PUBLIC NOTICE OF SPECIAL EDUCATION SERVICES AND PROGRAMS, SERVICES FOR GIFTED STUDENTS, AND SERVICES FOR PROTECTED HANDICAPPED STUDENTS**

## **Notice to Parents**

According to state and federal special education regulations, annual public notice to parents of children who reside within a school district is required regarding child find responsibilities. School districts and intermediate units are required to conduct child find activities for children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. For additional information related to Section 504/Chapter 15 services, the parent may refer to Section 504, Chapter 15, and the Basic Education Circular entitled Implementation of Chapter 15. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 PA Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedures in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district and intermediate unit of the child identification activities and of the procedures followed to ensure confidentiality of information pertaining to students with disabilities or eligible young children. In addition to this public notice, each school district and intermediate unit shall publish written information in the handbook and on the website. Children ages three through twenty-one can be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact their district of residence. Contact information is listed at the end of this public notice.

Children age three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need Special Education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists: (i) The child's score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas, or (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests.

Developmental areas include cognitive, communicative, physical, social/emotional and self-help. For additional information contact the intermediate unit. Contact information is listed at the end of this public notice.

## **Evaluation Process**

Each school district and intermediate unit has a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school which your child attends. Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to the Early Intervention Program Director, Central Intermediate Unit 10, 345 Link Road, West Decatur, PA 16878.

## **Consent**

School entities cannot proceed with an evaluation or with the initial provision of special education and related services without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website, [www.pattan.net](http://www.pattan.net). Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent educational evaluation at public expense.

## **Program Development**

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the individualized education program (IEP) team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff or intermediate unit staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

## **Confidentiality of Information**

The school districts and to some extent the intermediate unit maintain records concerning children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction states. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information.
