FAX: (814) 845-2305

Dear Harmony Area School District Stakeholders:

I am pleased and excited to be joining the Harmony Area School District! Effective October 31, 2018, I was appointed by the Harmony Area School Board to serve as the district's Interim Superintendent. I will be providing leadership to the district for 1-3 days per week until your next Superintendent of Schools is in place.

My background in education is varied. For sixteen years, I served the Manheim Central and Curwensville Area School Districts as their Superintendent. I have long been an advocate of small, rural school districts. During my time as a school superintendent, I was a member of the Pennsylvania Association of Rural and Small Schools (PARSS) Board of Directors for fifteen years and served as the association's President for the final seven of those years.

Prior to my tenure as a school superintendent, I held the positions of high school principal, assistant high school principal, secondary reading specialist, and elementary teacher in the Brookville, Brockway, DuBois, and Curwensville Area School Districts. I hold elementary education and reading specialist certifications from Clarion University as well as administrative credentials and a doctorate in Educational Leadership from Penn State University.

It is my privilege to be serving the Harmony Area School District in such an important role. I look forward to working alongside all of you to provide our students with the best possible educational experience.

Sincerely,

Dr. Norman E. Hatten
